

## cCable - the clever charging cable

clever loading according to my requirements

cCable Pro

### Easy. Clever. Compact.

Normally, a charging cable is just a cable, but not so with eClever. Our charging cable acts as a clever intermediary between the charging station and the vehicle and can therefore influence the charging process.

Designation	cCable Pro
 Voltage	AC: 230V (1phasig) / 400V (3phasig)
Electricity	6A to 32A
Performance	1,4kW to 22kW AC
